Director Cameron named to NAIC committee leadership position

BOISE ID – The National Association of Insurance Commissioners (NAIC) has announced its 2018 committee chairs and vice chairs. Idaho Department of Insurance Director Dean Cameron was named chair of the Health Insurance and Managed Care (B) Committee. Director Cameron also serves as chair of the NAIC's Western Zone.

"The appointment of Director Cameron as chair of the Health Insurance and Managed Care (B) Committee gives American consumers a strong advocate who will work tirelessly to find creative, innovative solutions to help states better regulate health insurance," said Julie Mix McPeak, NAIC President and Commissioner of the Department of Commerce & Insurance. "I am honored to be chosen for this position and to have President McPeak's confidence as we work together on the healthcare challenges of our country and the individual unique needs of the states," Cameron adds.

The NAIC is the U.S. standard-setting and regulatory support organization created and governed by the chief insurance regulators from the 50 states. Through the NAIC, state insurance regulators establish standards and best practices, conduct peer review, and coordinate their regulatory oversight.

Cameron was appointed Department Director by Governor C.L. "Butch" Otter in June 2015. Cameron worked in the insurance industry for 32 years and has served 27 years in state government, including eight terms as Chair of the Senate Finance Committee and Co-chair of JFAC, the state's budget committee.
