Explanation of Hardship *[please include the cost of an audit in your explanation and attach any supporting documentation that evidences your hardship justification (e.g. CPA audit price quote)]:*

A TPA's statement of hardship is evaluated by the Department on a case by case basis. Factors to justify a hardship exemption include but are not limited to, potential adverse impact to a TPA's financial condition due to the cost of the audit, a newly formed TPA with less than two years of operating experience, or a major organizational event that temporarily impedes the ability to produce an audit. Note: Because the TPA received an approval in the past is NOT an example of good cause.
