IDAHO STATE FIRE MARSHAL'S OFFICE

Application for the DISPLAY OF AERIAL FIREWORKS on State-owned Properties

INSTRUCTIONS

1123

All Information must be printed in ink or typed.

Submit only one (1) copy of this application and all its attachment(s) to the State Fire Marshal's Office (SFMO). The SFMO must be in receipt of this application not less than 15 days prior to event.

Line 1. Provide name of person or company applying for permit.

Line 2. List telephone number where applicant may be reached.

Line 3 & 3b. Use mailing address the applicant can expect the quickest delivery service. If available, provide an email address.

Line 4. What is the physical address (location) of the permit applicant if it is different from the mailing address given?

Line 5. List city, state and zip code for the complete mailing address.

Line 6. Provide the fireworks vendor's Taxpayer Identification Number (TIN) as provided by the IRS.

Line 7. A "Designated individual" is a person certified as a Pyrotechnician who is responsible for (i) ensuring compliance with state law and regulations relating to blasting agents and explosives, (ii) applying for explosives or fireworks permit, (iii) is at least 21 years of age and (iv) shall demonstrate the capability to effectively communicate safety messages verbally and in writing in the English language.

The "Designated Individual" is to print their name and submit a copy of their ATF/Federal Explosive Permit. In accordance with IFC Section 5601.2.3.1, the SFMO shall deny the application for permit if the application does not contain a designated individual's name and signature as representing the applicant. Space is provided on Line 15 for the designated individual's signature. Attach a photocopy of the designated individual's ID to the application. (The Pyrotechnician named on Line 10.1 may also be the designated individual and/or applicant, which results in repeated listings.)

Line 8. This application is for an activity that requires a permit and must provide the appropriate information that provides an open line of communication between the State Fire Marshal's Office (SFMO) and the applicant.

Line 8.1. Provide the name of the sponsoring group, person or organization.

Line 8.2. Provide the name and telephone number of the sponsor's representative.

Line 8.3. The exact location of the display is to be listed. Include as much information as may be available such as street address, intersection, city, county or town. A map would be desirable to augment the written information.

Line 9. Provide the date and anticipated time for the display. If multiple consecutive dates are planned for a single location, list the additional dates and time on a separate sheet. Label or indicate at the top of the additional sheet that it is an additional sheet for Line 9.

Line 9.1. This box is to be checked if the display of fireworks will occur on multiple, consecutive days (sequential dates). Checking this box is intended to apply *only* to those multi-day displays that are identical in location, types and number of shells. If the display dates are not consecutive, if the number and/or types of shells are not identical to the day before, or if identical display setups will occur at different locations or dates (non-consecutive or sequential), a separate permit would be required.

Line 9.2. If there is a planned rain date, provide the information requested. If a rain date is not scheduled. Write N/A on the place indicated for date and time.

Line 9.3. Indicate the anticipated arrival time of the display shell(s) to be on-site. The SFMO may want to inspect to ensure the shells are not left unattended subsequent to arrival at the display site and/or the condition of the shells.

Line 10. The IFC requires the pyrotechnician who will be in responsible charge of the fireworks display be identified on the application.

Line 10.1. Provide the name(s) of the pyrotechnician(s) who will be in charge of the display.

Line 10.2. List the names and ages of all assistants that will be present. All assistants may be at least 18 years of age. If additional spaces is needed for line 10.2, attach an additional sheet (not to exceed the standard 8½ x 11 inch sheet) to the application. Label or indicate at the top of the attached sheet that it is an additional sheet for Line 10.2.

Line 11. Grouped according to size, list the number and type of shells to be fired. List separately call cakes and the number of shots per cake. List separately the number and size of salutes and multi-break shells. List separately the number and size of chained shells in the finale. If additional space is needed for Line 11, attached an additional sheet (not to excel the standard 8½ x 11 inch sheet) to the application. Label or indicate at the top of the attached sheet that it is an additional sheet Line 11.

Line 11.1. Indicate whether the display will be fired electrically, manually or by a combination of both.

Line 11.2. Indicate whether there will be any reloading during the display

Line 11.3. Indicate what the mortars will be constructed of.

Line 12. Additional items are to be attached as part of the application for permit. Placing a check in the boxes provided is a means by which the applicant can determine or track for themselves that they have obtained or possess the required information and have attached it to the application.

Line 12.1. A depiction is to be provided of the premises where the display will be fired. The depiction is not required to be to scale but it is to indicate certain requirements as listed on Lines 12.1.1 through 12.1.5. *Failure to adequately provide this information may be grounds for denial of permit, or the return of application for amendment and resubmission.*

The depiction should adequately assist in the review of an application to such degree that the SFMO would be able to issue a provisional permit without the aid or benefit of a site visit.

Line 12.1.1. Based on the largest shell to be fired, indicate the dimension and location of the display site and distance in feet of the fallout area.

Line 12.1.2. Within the display site, indicate the discharge site from which shells and/or cakes are to be positioned and fired, and the dimension of the discharge site.

Line 12.1.3. Indicate the spectator viewing area, parking areas and the distance (in feet) the audience will be restrained from the display site.

Line 12.1.4. Indicate the relative position and distance of significant buildings, highways and overhead obstructions (e.g. utilities, light poles, etc.)

Line 12.1.5. The indicated direction of North.

Line 12.2. Proof of insurance or surety bond is required in an amount that is agreeable to the sponsor listed on Line 8.1 and the permit applicant, but shall not be less than \$1,000,000/00. The proof of insurance or bond is to be attached and submitted with this application

Line 13. Attestation that is largely self-explanatory.

A separate application is required for 1126 pyrotechnics.

Lines 14 and 15. Self-explanatory

IMPORTANT 5th page information: After application review and acceptance, only the 5th page of the application will be returned to the applicant as a provisional and/or finalized permit.

The applicant is to complete the upper portion of the page listing the applicant's name, phone number, email address (if available), the "designated individual", and card number. The display location, including the city, county or town, and the display date is also to be provided, all of which are repeated from earlier pages in the application

Upon SFMO review and acceptance, this one page of the application will be used as a provisional permit and be returned to the applicant.

An incomplete application is cause for the application to be returned to the applicant without further processing.
