Summary of Legislative Changes Enacted in 2008 Impacting the Department of Insurance or the Insurance Industry

Department of Insurance Legislation

The following insurance-related bills were enacted into law and took effect July 1, 2008, unless otherwise noted. Bill numbers in **bold** are legislative changes proposed by the Department of Insurance.

House Bill 411- Annuity Suitability: Amends Idaho Code Section 41-1940 to require that producers selling annuity products do a suitability analysis for all purchasers of annuities. Prior to this change, the law required a suitability analysis only if the purchaser was age 65 or older.

House Bill 412 – Managed Care Amendments: Updates and makes some technical corrections to Idaho’s managed care laws (Chapter 39 of Title 41). The changes allow the Director to set deposit requirements for limited managed care organizations, change some filing dates for audited financial reports to coincide with other insurers and modify filing requirements for certain annual disclosures.

Other Insurance Related Legislation

House Bill 429 – Underinsured Motorist Coverage: Amends Idaho Code Sections 41-2502 and 41-2503 to require that motor vehicle insurance contracts include coverage for underinsured motorist coverage unless the insured rejects the coverage; also defining “underinsured motor vehicle” and requiring that insurers provide a written summary of uninsured and underinsured motorist coverage in a form approved by the DOI. Applies to policies issued or renewed on or after January 1, 2009.

House Bill 493 – Service Contracts: Amends Idaho Code Section 41-114A to provide that service contracts not subject to regulation as insurance may provide for the repair, replacement or maintenance of property for damage resulting from power surges and for accidental damage and handling.

House Bill 494 – Investments by Domestic Reciprocal Insurers: Adds a new section, 41-732, allowing a domestic reciprocal comprised exclusively of political subdivisions of the state that insures property and casualty risks to invest funds subject to the conditions, restrictions and limitations generally applicable to insurers set forth in Chapter 7 of Title 41.

House Bill 522 – Assignment of Health Insurance Contracts: Adds a new section, 41-1847, prohibiting insurers from assigning a preferred provider organization contract between an insurer and provider without the agreement of both parties and requiring notice to the provider of any assignments.

House Bill 547 – Terrorism Exclusion: Amends Idaho Code Section 41-2401 (Standard Fire Policy law) to delete from the definition of “terrorism” a requirement that an act be on behalf of a foreign person or interest. This change makes the statutory definition consistent with the latest version of the federal Terrorism Risk Insurance Act (TRIA), which permits coverage exclusions for domestic terrorism as well as foreign.

House Bill 591 – Substance Abuse Exemption from Managed Care Act: Exempts programs administered by the Health & Welfare Substance Abuse Disorder Bureau and its contracted managed care organization from regulation under Chapter 39, Title 41, as a managed care organization.

Senate Bill 1344 – Cooperation with Dept. of Health & Welfare: Adds a new section, 41-318, requiring that insurers cooperate with the Dept. of Health & Welfare with respect to individuals covered by disability insurance who are provided public assistance, and setting forth a penalty for failure to cooperate.

Senate Bill 1394 – Dependent Age: Amends Chapters 22, 32, 34, 40, and 41 of Title 41 to require that health plans offered to or sponsored by large groups, fraternal societies, public service corporations and self-funded groups cover a dependent up to the age of 21 if the dependent is not a full-time student and

up to the age of 25 if a full time student. Small group and individual contracts were made subject to this requirement in 2007.

Senate Bill 1395 – High Risk Pool Eligibility: Amends Idaho Code Section 41-5510 to make eligible for high risk pool coverage individuals who face a reasonable probability that they will exhaust their lifetime maximum benefit under existing coverage within 90 days.

Senate Bill 1397 – Public Adjuster Licensing: Adds a new Chapter 58 to Title 41 setting forth licensing requirements for public adjusters.

Senate Joint Memorial No. 114: States findings of the Legislature and joins with the National Conference of Insurance Legislators in expressing Idaho's strong opposition to the proposed federal National Insurance Act of 2007.

Fire Safety Legislation

House Bill 620 – Fire Code Enforcement: Amends Chapter 2 of Title 41 to require notice of appeal rights from final decisions by assistants to the State Fire Marshal involving interpretations of the fire code and creates a right of appeal to the State Fire Marshal.

Senate Bill 1398 – Reduced Cigarette Ignition Propensity: Adds a new chapter 89 to Title 39, Idaho Code, requiring that only reduced ignition propensity cigarettes be sold in Idaho.

Consumer Services

The Consumer Services Bureau consists of three sections: Consumer Affairs, Senior Health Insurance Benefits Advisors (SHIBA), and Producer Licensing. The sections work together to protect the public's interest and to make sure all participants (companies, producers and consumers) are in compliance with the laws and rules that regulate the insurance business in Idaho.

Consumer Affairs

The Consumer Affairs Section is generally the department's primary contact with the public. The section assists Idaho residents in a number of ways including analyzing consumer, company and producer complaints and problems relating to all facets of the insurance industry to determine if a violation of Idaho Code or contract provisions has occurred; providing assistance to consumers, companies, producers and legal representatives in the form of technical assistance on claims procedures, underwriting, insurance laws and rules; reviewing insurance contracts, policies and related documents to assure compliance with Idaho insurance laws and rules; conducting investigations concerning alleged violations of insurance laws and evaluating the merit of the complaint/inquiry and recommending a course of action to department staff; and providing technical expertise for the market conduct examination of domestic and foreign insurers by providing market conduct support in the field as well as from the department offices.

Consumers can contact a Consumer Affairs Officer by telephone, toll-free Consumer Assistance Helpline, mail, fax, the internet or by visiting any one of the department's offices around the state in Boise, Coeur d'Alene and Pocatello as listed on page 1.

Highlights for Year 2008

♦ Written complaints opened	865
♦ Written complaints closed	809
♦ Walk-in inquiries from consumers	95
♦ Telephone inquiries from consumers	8,574
♦ Funds recovered for the public	\$2,452,602

Producer Licensing

The Producer Licensing Section processes and reviews license applications, examines qualifications of applicants and issues and renews licenses for over 60,000 producers, both residents and non-residents.

The department has continued to seek out new administrative efficiencies by utilizing electronic capabilities available to us. In 2002, the Licensing Section began receiving producer license renewals online and the department is presently processing 95% of all renewals electronically. Electronic processing eliminates any hands-on labor for the department as well as giving producers immediate license renewal online.

Approximately 95% of all appointments are now processed electronically. This has taken one of the more labor-intensive tasks and reduced it to almost zero. Eventually, all appointments will be processed by electronic means.

The department anticipates the number of new licensees will continue to rise. As more applicants and licensees take advantage of electronic processes we will be able to maintain our current level of efficient and effective service. As of December 31, 2008, the department had over 64,000 licensed insurance producers.

The department began accepting online electronic applications through the National Insurance Producers Registry (NIPR) in 2005, and in 2006 over 60% of all applications were processed electronically. In 2008 the department started processing resident applications, and this will raise the total electronic applications to 75% or more.

Initiatives in the coming year include installation of a new licensing data collection system and plans are being made to go paperless in the near future. Both initiatives should improve our ability to process licenses efficiently and issue them within a one-day turnaround. Our ability to extract statistical information from the system should be enhanced tremendously. In addition, our FBI fingerprinting process will become completely electronic. Electronic processing of fingerprints will improve turnaround time on application processing for resident applicants to under three days.

Continuing Education

The Continuing Education (CE) Rule IDAPA 18.01.53, modified January 1, 2004, requires resident insurance producers to obtain 24 credit hours of continuing education within each two-year licensing period. At least three of the 24 hours must be insurance law and/or ethics.

Appointed members of the CE Advisory Committee meet monthly to review course applications from associations, schools and vendors. This review process helps to ensure quality courses are available to Idaho producers. An increasing number of applications are received each month on National Association of Insurance Commissioners' (NAIC) reciprocity forms. These courses have been approved in the vendor's home state and must be accepted in Idaho without further review.

Resident producers carrying life, health, property or casualty lines and public adjusters are required to comply with the CE rule. Nonresident producers, limited lines producers and independent adjusters are exempt.

Highlights for Year 2008

◆ License applications received	15,178
◆ Licenses issued	14,430
◆ Total licensees at year end	68,207
◆ CE applications approved	2,096

SHIBA Program (Senior Health Insurance Benefits Advisors)

The Senior Health Insurance Benefits Advisors (SHIBA) Program provides free information, counseling and assistance programs for Medicare beneficiaries who have questions or problems about health insurance issues such as Medicare, Medicare supplement insurance, Medicare health plans and long-term care insurance.

The SHIBA staff, advocates and volunteer counselors focus on educating Medicare beneficiaries and senior service providers about rights and protections for people with Medicare, Medicare program updates, coordination of benefits, understanding Medigap, Medicare health plan options and long-term care issues. SHIBA assisted thousands of Medicare beneficiaries through statewide presentations, disseminated information at senior centers and to service providers and various community groups, attended conferences and health fairs and provided one-on-one counseling sessions.

Continuing issues impacting Medicare consumers include private fee-for-service plans, how to choose a prescription drug plan and ongoing changes to the Medicare program. SHIBA staff continues to reach out to people with Medicare and their caregivers on these important healthcare issues.

Investigation and Insurance Fraud

The mission of the Investigations Section is two-fold: first, to protect Idaho's insurance consumers from dishonest individuals conducting the business of insurance and, second, to investigate allegations of individuals filing fraudulent insurance claims against insurance companies.

Whatever its form, insurance fraud is a crime that impacts everyone by increasing the cost of insurance premiums and related goods and services. When allowed to go unchecked, it has been demonstrated that insurance fraud has a severe negative effect on the economy as a whole.

The unit conducts criminal and administrative investigations throughout the state, and in doing so works closely with the public, the insurance industry and law enforcement. The Investigations Section not only investigates and refers cases for criminal and administrative legal action, but also serves as an education resource to the insurance industry and law enforcement in preventing and recognizing insurance fraud. The public has also been educated on the dangers of insurance fraud through media presentations and the distribution of brochures and pamphlets.

The Investigations Section saw an increase in arson-related crimes because of the economy. They also noted an increase in people letting their auto insurance lapse, staging vehicle crashes, filing fraudulent insurance claims then reinstating their insurance and attempting to claim the crash occurred after they reinstated their insurance.

The Investigations Section partnered with the Idaho State Fire Marshal and the Idaho Office of the Attorney General to provide a block of training at the regional fire academies and at the Peace Officers Standards and Training Academy (POST). The training consisted of Advanced Fire Investigations, Fraud and Arson Prosecutions.

The Investigations Section added a second Special Prosecutor for Insurance Crime to the Insurance and Arson Crime Prosecutions Task Force which is a partnership between the Idaho Department of Insurance, the State Fire Marshal and the Office of the Idaho Attorney General.

The Investigations Section is dedicated to detecting, preventing, neutralizing and eliminating insurance fraud and ensuring the state of Idaho protects all those affected by these costly white collar crimes.

State Fire Marshal

The staff of the State Fire Marshal's Office works with fire departments across the state. They provide assistance with fire code interpretation, application and enforcement. They are also responsible for reviewing plans for all state-owned or maintained buildings for compliance with fire and life safety codes. If requested by local fire departments, the staff can also assist with local building plan reviews and inspections. The staff conducts training sessions on the adopted fire code, incident reporting procedures and fire investigations.

The State Fire Marshal has the statutory responsibility of being the chief arson investigation officer for the state of Idaho. He and his seven deputies work with local authorities when requested on the investigation of fires and explosions in Idaho.

The State Fire Marshal's Office also licenses the fire sprinkler contractors who work in Idaho, trains and certifies state fire code officials and licenses persons and businesses that import or wholesale fireworks in Idaho. The office also maintains a recordkeeping system that includes data submitted from fire agencies that cover approximately 95% of the population of Idaho. They are committed to FIGHTING FIRE WITH FACTS.

Mission Statement

The State Fire Marshal's Office participates in and coordinates an integrated statewide system designed to protect human life from fire and explosions through fire prevention and the investigation of fires. The program involves fire prevention activities, fire/arson and investigations and the operation of various statistical systems, including the Idaho Fire Incident Reporting System (IFIRS).

Company Activities

The Company Activities Bureau consists of four sections: Examinations, Premium Tax, Rates and Forms and Market Analysis. Although each section has a separate function, all work in close association on some issues.

Examinations

The Examinations Section monitors the financial condition of all insurance entities conducting business in the state of Idaho to assure that each complies with Idaho law and that the financial obligations of the company to its policyholders will be met. Regulated insurance entities include domestic and foreign stock and mutual insurers, fraternal benefit societies, managed care organizations (MCOs), self-funded health-care plans, risk retention and purchasing groups, and rating organizations. Additionally, the Examinations Section includes a Senior Financial Examiner who regulates the title industry in Idaho.

Major functions of this section include:

- Initial licensing or authorization of insurers to transact business in the state via the granting of a certificate of authority. The admission process is completed in an effective and timely manner in order to admit financially sound insurers and other related entities that will offer quality insurance products and services to Idaho residents.
- Financial analysis and review of company financial reports to determine the company's compliance with all Idaho Code requirements, financial solvency and ability to meet its contractual obligations to policyholders. This area reviews annual statements, quarterly statements, audited financial statements and other filings made by an insurer. The section focuses primarily on the solvency of Idaho domestic insurers but also monitors foreign companies licensed in Idaho and performs reviews of foreign companies on an as-needed basis.
- Examination of the financial and market conduct condition of Idaho domestic insurers to ensure that they are operating in accordance with Idaho insurance laws and rules and the Statutory Accounting Practices and Procedures Manual. Examinations are prescribed by law to be conducted at least every five years but may be undertaken more frequently if the director deems necessary.
- Regulation of all aspects of title agencies operating in Idaho. This includes title agent licensing, contract examiner oversight, routine examinations of title agent operations and title plants, review of three-year escrow audits, handling consumer and industry complaints, enforcing compliance with Idaho Code and IDAPA rules, reviewing escrow rate filings and reviewing insurer title insurance rates and forms as required.

Market Analysis

Market Analysis is part of the National Association of Insurance Commissioner's (NAIC) Insurance Regulatory Modernization Action Plan. The purpose of the Market Analysis program is to prioritize and coordinate the various market regulation functions of the department, establish an integrated system of proportional response to market problems and to provide a framework of collaboration among the states regarding identification of market conduct issues and market regulation.

Section duties:

Develop a formal market analysis program that analyzes companies based upon general market problems and companies that may be operating outside general industry norms; in other words identify "outliers."

The formal program includes (but is not limited to) establishment of a systematic procedure for interdepartmental communication, analysis of consumer complaint data and coordinated schedule of baseline analysis including financial data.

Oversee and coordinate the Market Conduct Annual Statement (MCAS) project. The goal of this project is to provide a uniform system of collecting market related information. MCAS promotes uniform analysis by applying consistent measurements and comparisons among companies allowing equal measurement across all companies.

Facilitate Interstate Collaboration with implementation of uniform standards similar to existing financial standards with the goal of creating a regulatory system in which all states will have the confidence to rely on each other's regulatory efforts. This reliance will create a market regulatory system of greater domestic deference, thus allowing individual states to concentrate their efforts on issues of their choosing.

Follow up on completed Market Conduct examination recommendations and identify areas not in compliance with Idaho insurance code. Make recommendations and referrals for possible administrative actions and assist in drafting legislation and rules. Conduct or participate in Market Conduct examinations at the direction of the Examination section.

Premium Tax

Premium taxes are collected by the State of Idaho, Department of Insurance and deposited in the Insurance Administrative Fund #0229-10 to be distributed as follows:

- That amount as needed up to 20% for the refund account;
- A portion to the PERSI firemen's retirement account (Idaho Code 59-1394);
- That portion (not to exceed \$200,000 in any one year) necessary to cover administrative costs incurred by the department in placing insurance companies into receivership or supervision to the extent that such costs cannot be satisfied from the assets of the companies;
- Twenty-five percent of the premium tax exceeding \$45,000,000 to the Idaho High Risk Individual Reinsurance Pool;
- Twenty-five percent of the premium tax exceeding \$55,000,000 to the Idaho Health Insurance Access Card Fund CHIP Plan B;
- Remaining balance to the general fund (Idaho Code, Section 41-406).

Premium taxes collected from authorized insurers are in lieu of all other state and local taxes payable in the State of Idaho with the exception of real property tax (Idaho Code, Section 41-405).

Premium tax offsets are allowed to the extent of 100% of the premium tax liability, unless otherwise indicated:

- **Worker's Compensation Offset** - All worker's compensation insurers must pay a 2.5% premium tax on all business written to the Idaho Industrial Commission (Idaho Code Section 72-523). Insurers are allowed to offset 1.3% of this tax against the tax liability attributed to its worker's compensation line of business to the Department of Insurance. The offset cannot be allowed against any other lines of insurance (Idaho Code Section 72-523).
- **Insurance Guaranty Association Offset** - Property and casualty insurers may offset their premium tax liability to the extent of 20% of the assessment for each of the five years following the year the assessment is paid. An allowable offset, or portion thereof, not used in any calendar year cannot be carried over or back to any other year. The total offsets cannot exceed the tax liability or total assessment paid (Idaho Code Section 41-3616).
- **Idaho Life & Health Guaranty Association Offset** - A premium tax offset is allowed for all Class B and Class C assessments. Insurers may take any portion of the assessment as an offset in any of the five years following the year the assessment is paid. Offsets are limited to 20% of each assessment paid. An allowable offset, or portion thereof, not used in any calendar year cannot be carried over or back to any other year. The total offsets cannot exceed the tax liability or total assessment paid (Idaho Code Section 41-4314(1)).

The annual premium tax liability is based on calendar year premiums written minus dental premiums which are taxed at .04 per subscriber per month, effective July 1, 2007. Premium taxes are prepaid in quarterly installments based on prior year's premiums and current year's tax rates. The installments are as follows: 60% due June 15, 20% due September 15, and 15% due December 15. The reconciliation payment is made on March 1 of the next year (Idaho Code, Section 41-402(3)).

Rates and Forms

The Rates and Forms Section accepts property, casualty, health and life policies, contracts and related forms with the company certification ensuring they comply with Idaho code and law and are not ambiguous, misleading or deceptive. The section accepts advertising filings for life and health and reviews rate filings for various lines of insurance which include private passenger automobile, homeowners, credit and health. The key is assuring that rates are not inadequate, excessive or unfairly discriminatory.

This section is primarily responsible for administering rate and form laws on a file and use basis. Idaho Code 41-1812 states that "No basic insurance policy or annuity contract form, or application form where written application is required and is to be made part of the policy or contract, or printed rider or endorsement form or form of renewal certificate, shall be delivered, or issued for delivery in this state, unless the form has been filed with the director." Although all major lines of insurance are monitored, the section is alert to filings involving private passenger automobile rate changes, bail bonds, certificates of assumption, company mergers, credit life and disability, consumer credit reporting, health products, long term care, managed care organizations, Medicare supplements, title and workers' compensation. Unless the forms are submitted and filed with the Rates and Forms Section, they may not be issued to residents of Idaho. The Department receives policy and rate filings from over 1,500 companies licensed to sell products in Idaho. The Department received 11,593 separate filings in 2008 via SERFF (System for Electronic Rate and Form Filing).
