Summary of Legislative Changes Enacted in 2009 Impacting the Department of Insurance or the Insurance Industry

Department of Insurance Legislation

The following insurance-related bills were enacted into law and took effect July 1, 2009, unless otherwise noted. Bill numbers in **bold** are legislative changes proposed by the Department of Insurance.

House Bill 41 – Group Supplemental Disability Policies: Amends Chapter 42, Title 41, relating to the individual accident and health insurance policies to include group supplemental disability insurance policies within the scope of the chapter, which purpose is to standardize and simplify policy terms and coverages and to eliminate provisions that may be misleading or unreasonably confusing.

House Bill 75 – Life Settlements: Adds Idaho Code Sections 41-1950 to 41-1965 to provide protection and oversight for transactions involving the sale of life insurance policies to investors (life settlements). The new laws require that persons wishing to act as a life settlement broker or life settlement provider in Idaho first become licensed as producers, and define and prohibit stranger originated life insurance (STOLI) transactions.

House Bill 192 - Health Carrier External Review: Creates a new Chapter 59, Title 41, which provides uniform standards for the establishment and maintenance of an outside independent review procedure for a claim denied on the basis that it is investigational or not medically necessary.

Other Insurance Related Legislation for 2009:

House Bill 40 - Life and Health Insurance Guaranty Association Act: Amends Chapter 43, Title 41, to provide that the Act applies to structured settlement annuities, to provide that the Act does not apply to certain policies or contracts and shall not provide coverage to certain persons who receive coverage by an association of another state. It also revises provisions related to the prohibition of advertising related to the Guaranty Association.

House Bill 108 – Coverage for Children Under Twenty-five Years of Age: Amends Chapters 21, 22, 32, 34, 39, 40, 41, 47, 52 and 55 of Title 41 to allow individuals who are unmarried, are under the age of twenty-five (25) years and are financially dependent to remain under their parents' health insurance coverage.

House Bill 159 – Group Contract Requirements: Amends Idaho Code Section 41-2002 to revise provisions relating to group life insurance contract requirements and to provide requirements relating to group life insurance policies issued to non-traditional groups.

Senate Bill 1080 – Real Estate Investment Restrictions: Deletes reference in Idaho Code Section 41-728 to specific limits for domestic reciprocal insurers which are comprised of and insure political subdivisions of the state.

Senate Bill 1131 – Insurance for Off Highway Vehicles (OHV): Amends Title 49, Chapter 12, to clarify that certain auto insurance features are not applicable to OHVs, but OHVs must continue to provide liability insurance when used on public roads.

Senate Bill 1134 – Certificates of Insurance: Extends the sunset provision in Idaho Code Section 49-1210 dealing with certificates of insurance used as proof of financial responsibility and requires the Department of Transportation to report on progress being made to its computer system.

Senate Bill 1166 – State Insurance Fund Dividends: Repeals Idaho Code Section 72-915, which required a pro-rata distribution of dividends to all policyholders of the State Insurance Fund.

Fire Safety Legislation

House Bill 218a – Automatic Fire Sprinkler Requirement: Amends Idaho Code Section 31-4109 to exempt single family and multiple family (up to 4 units) dwellings from requirement to install automatic fire sprinkler systems.

Consumer Services

The Consumer Services Bureau consists of three sections: Consumer Affairs, Senior Health Insurance Benefits Advisors (SHIBA) and Producer Licensing. The sections work together to protect the public's interest and to make sure all participants (companies, producers and consumers) are in compliance with the laws and rules that regulate the business of insurance in Idaho.

Consumer Affairs

The Consumer Affairs Section is generally the department's primary contact with the public. The section assists Idaho residents in a number of ways including analyzing consumer, company and producer complaints and problems relating to all facets of the insurance industry to determine if a violation of Idaho Code or contract provisions has occurred; providing assistance to consumers, companies, producers and legal representatives in the form of technical assistance on claims procedures, underwriting, insurance laws and rules; reviewing insurance contracts, policies and related documents to assure compliance with Idaho insurance laws and rules; conducting investigations concerning alleged violations of insurance laws and evaluating the merit of the complaint/inquiry and recommending a course of action to department staff; and providing technical expertise for the market conduct examination of domestic and foreign insurers by providing market conduct support in the field as well as from the department offices.

Consumers can contact a Consumer Affairs Officer by telephone, toll-free Consumer Assistance Helpline, mail, fax, the internet or by visiting any one of the department's offices around the state in Boise, Coeur d'Alene and Pocatello as listed on page 1.

Highlights for Year 2009

♦ Written complaints opened	857
♦ Written complaints closed	870
♦ Walk-in inquiries from consumers	175
♦ Telephone inquiries from consumers	8,407
♦ Funds recovered for the public	\$4,039,017

Producer Licensing

The Producer Licensing Section processes and reviews license applications, examines qualifications of applicants and issues and renews licenses for over 65,000 producers, both residents and non-residents.

The Section continues to seek new administrative efficiencies by using online services. In 2002 we began processing renewals and applications electronically, and the department is currently processing 90-95% of all transactions electronically through Sircon and NIPR. Other electronic applications include appointments, address changes, license copies, CE transcripts, CE downloads, etc. Website information is continually updated.

The number of applicants and licensees who take advantage of online services allows us to maintain our current level of efficient and effective service.

These efficiencies have resulted in a one-to-two day turnaround time for issuing or renewing licenses, enhanced ability to extract statistical information from the system, entirely electronic FBI fingerprint processing and increased security in dealing with sensitive information.

Initiatives in the coming year include increased outreach efforts and moving toward a paperless operation.

Continuing Education

The Continuing Education (CE) Rule IDAPA 18.01.53, modified January 1, 2004, requires resident insurance producers to obtain 24 credit hours of continuing education within each two-year licensing period in compliance with NAIC Model Act. At least three of the 24 hours must be obtained in insurance ethics.

Appointed members of the CE Advisory Committee meet monthly to review course applications from associations, schools and providers. This review process helps to ensure quality courses are available to Idaho producers. An increasing number of applications are received each month on National Association of Insurance Commissioners' (NAIC) reciprocity forms. These courses have been approved in the provider's home state and must be accepted in Idaho without further review. CE rules were updated in 2010 to raise standards for online courses.

Resident producers carrying life, health, personal lines, property or casualty lines along with bail agents and public adjusters are required to comply with the CE rules. Nonresident and limited lines producers and independent adjusters are exempt.

Highlights for Year 2009

◆ License applications received	1,100 (mo. average)
◆ Licenses issued	12,760
◆ Total licensees at year end	66,845
◆ CE applications approved	2,088
◆ Active CE approved courses	4,273

SHIBA Program (Senior Health Insurance Benefits Advisors)

The Senior Health Insurance Benefits Advisors (SHIBA) Program provides free information, counseling and assistance programs for Medicare beneficiaries who have questions or problems about health insurance issues such as Medicare, Medicare supplement insurance, Medicare health plans and long-term care insurance.

The SHIBA staff, advocates and volunteer counselors focus on educating Medicare beneficiaries and senior service providers about rights and protections for people with Medicare, Medicare program updates, coordination of benefits, understanding Medigap, Medicare health plan options and long-term care issues. SHIBA assisted thousands of Medicare beneficiaries through statewide presentations, disseminated information at senior centers and to service providers and various community groups, attended conferences and health fairs and provided one-on-one counseling sessions.

Continuing issues impacting Medicare consumers include private fee-for-service plans, how to choose a prescription drug plan and ongoing changes to the Medicare program. SHIBA staff continues to reach out to people with Medicare and their caregivers on these important healthcare issues.

Investigations

The mission of the Investigations Section is two-fold: first, to protect Idaho's insurance consumers from dishonest individuals conducting the business of insurance and, second, to investigate allegations of individuals filing fraudulent insurance claims against insurance companies.

Whatever its form, insurance fraud is a crime that impacts everyone by increasing the cost of insurance premiums and related goods and services. When allowed to go unchecked, it has been demonstrated that insurance fraud has a severe negative effect on the economy as a whole.

The unit conducts criminal and administrative investigations throughout the state, and in doing so works closely with the public, the insurance industry and law enforcement. The Investigations Section not only investigates and refers cases for criminal and administrative legal action, but also serves as an education resource to the insurance industry and law enforcement in preventing and recognizing insurance fraud. The public has also been educated on the dangers of insurance fraud through media presentations and the distribution of brochures and pamphlets.

The Investigations Section saw an increase in arson-related crimes because of the economy. They also noted an increase in people letting their auto insurance lapse, staging vehicle crashes, filing fraudulent insurance claims then reinstating their insurance and attempting to claim the crash occurred after they reinstated their insurance.

The Investigations Section partnered with the Idaho State Fire Marshal and the Idaho Office of the Attorney General to provide a block of training at the regional fire academies and at the Peace Officers Standards and Training Academy (POST). The training consisted of Advanced Fire Investigations, Fraud and Arson Prosecutions.

The Investigations Section has two Special Prosecutors for Insurance Crime in the Insurance and Arson Crime Prosecutions Task Force which is a partnership between the Idaho Department of Insurance, the State Fire Marshal and the Office of the Idaho Attorney General.

The Investigations Section is dedicated to detecting, preventing, neutralizing and eliminating insurance fraud and ensuring the state of Idaho protects all those affected by these costly white collar crimes.

State Fire Marshal

The staff of the State Fire Marshal's Office works with fire departments across the state. They provide assistance with fire code interpretation, application and enforcement. They are also responsible for reviewing plans for all state-owned or maintained buildings for compliance with fire and life safety codes. If requested by local fire departments, the staff can also assist with local building plan reviews and inspections. The staff conducts training sessions on the adopted fire code, incident reporting procedures and fire investigations.

The State Fire Marshal has the statutory responsibility of being the chief arson investigation officer for the state of Idaho. He and his six deputies work with local authorities when requested on the investigation of fires and explosions in Idaho.

The State Fire Marshal's Office also licenses the fire sprinkler contractors who work in Idaho, trains and certifies state fire code officials and licenses persons and businesses that import or wholesale fireworks in Idaho. The office also maintains a recordkeeping system that includes data submitted from fire agencies that cover approximately 95% of the population of Idaho. They are committed to FIGHTING FIRE WITH FACTS.

Mission Statement

The State Fire Marshal's Office participates in and coordinates an integrated statewide system designed to protect human life from fire and explosions through fire prevention and the investigation of fires. The program involves fire prevention activities, fire/arson and investigations and the operation of various statistical systems, including the Idaho Fire Incident Reporting System (IFIRS).

Company Activities

The Company Activities Bureau consists of four sections: Examinations, Premium Tax, Rates and Forms and Market Analysis. Although each section has a separate function, all work in close association on some issues.

Examinations

The Examinations Section monitors the financial condition of all insurance entities conducting business in the state of Idaho to assure that each complies with Idaho law and that the financial obligations of the company to its policyholders will be met. Regulated insurance entities include domestic and foreign stock and mutual insurers, fraternal benefit societies, managed care organizations (MCOs), self-funded health-care plans, risk retention and purchasing groups, and rating organizations. Additionally, the Examinations Section includes a Senior Financial Examiner who regulates the title industry in Idaho.

Major functions of this section include:

- Initial licensing or authorization of insurers to transact business in the state via the granting of a certificate of authority. The admission process is completed in an effective and timely manner in order to admit financially sound insurers and other related entities that will offer quality insurance products and services to Idaho residents.
- Financial analysis and review of company financial reports to determine the company's compliance with all Idaho Code requirements, financial solvency and ability to meet its contractual obligations to policyholders. This area reviews annual statements, quarterly statements, audited financial statements and other filings made by an insurer. The section focuses primarily on the solvency of Idaho domestic insurers but also monitors foreign companies licensed in Idaho and performs reviews of foreign companies on an as-needed basis.
- Examination of the financial and market conduct condition of Idaho domestic insurers to ensure that they are operating in accordance with Idaho insurance laws and rules and the Statutory Accounting Practices and Procedures Manual. Examinations are prescribed by law to be conducted at least every five years but may be undertaken more frequently if the director deems necessary.
- Regulation of all aspects of title agencies operating in Idaho. This includes title agent licensing, contract examiner oversight, routine examinations of title agent operations and title plants, review of three-year escrow audits, handling consumer and industry complaints, enforcing compliance with Idaho Code and IDAPA rules, reviewing escrow rate filings and reviewing insurer title insurance rates and forms as required.

Market Analysis

Market Analysis is part of the National Association of Insurance Commissioner's (NAIC) Insurance Regulatory Modernization Action Plan. The purpose of the Market Analysis program is to develop a formal program to analyze companies based upon general market problems and companies that may be operating outside general industry norms; in other words, identify "outliers" and provide a framework of collaboration among the states regarding identification of market conduct issues and market regulation.

The formal program includes analysis of consumer complaint data and coordinated schedule of baseline analysis including financial data, and provides technical expertise and conducts or participates in market conduct examinations of domestic and foreign insurers.

Market Analysis also:

- Oversees and coordinates the Market Conduct Annual Statement (MCAS) project. The goal of this project is to provide a uniform system of collecting market related information. MCAS promotes uniform analysis by applying consistent measurements and comparisons among companies allowing equal measurement across all companies.
- Facilitates interstate collaboration with implementation of uniform standards similar to existing financial standards with the goal of creating a regulatory system in which all states will have the confidence to rely on each other's regulatory efforts. This reliance will create a market regulatory system of greater domestic deference, thus allowing individual states to concentrate their efforts on issues of their choosing.
- Performs follow up on completed Market Conduct examination recommendations and identifies areas not in compliance with Idaho Insurance Code. Market Analysis makes recommendations and referrals for possible administrative actions and assists in drafting legislation and rules.

Premium Tax

Premium taxes are collected by the Department of Insurance, deposited in the Insurance Administrative Fund #0229-10 to be distributed as follows:

- That amount as needed up to 20% for the refund account;
- A portion to the PERSI firemen's retirement account (Idaho Code 59-1394);
- That portion (not to exceed \$200,000 in any one year) necessary to cover administrative costs incurred by the department in placing insurance companies into receivership or supervision to the extent that such costs cannot be satisfied from the assets of the companies;
- Twenty-five percent of the premium tax exceeding \$45,000,000 to the Idaho High Risk Individual Reinsurance Pool;
- Twenty-five percent of the premium tax exceeding \$55,000,000 to the Idaho Health Insurance Access Card Fund CHIP Plan B;
- Remaining balance to the general fund. (Idaho Code, Section 41-406)

Premium taxes collected from authorized insurers are in lieu of all other state and local taxes payable in the state of Idaho with the exception of real property tax (Idaho Code, Section 41-405).

Premium tax offsets are allowed to the extent of 100% of the premium tax liability, unless otherwise indicated:

- **Workers' Compensation Offset** - All workers' compensation insurers must pay a 2.5% premium tax on all business written to the Idaho Industrial Commission (Idaho Code Section 72-523). Insurers are allowed to offset 1.3% of this tax against the tax liability attributed to its workers' compensation line of business to the Department of Insurance. The offset cannot be allowed against any other lines of insurance (Idaho Code Section 72-523).
- **Insurance Guaranty Association Offset** - Property and casualty insurers may offset their premium tax liability to the extent of 20% of the assessment for each of the five years following the year the assessment is paid. An allowable offset, or portion thereof, not used in any calendar year cannot be carried over or back to any other year. The total offsets cannot exceed the tax liability or total assessment paid (Idaho Code Section 41-3616).
- **Idaho Life & Health Guaranty Association Offset** - A premium tax offset is allowed for all Class B and Class C assessments. Insurers may take any portion of the assessment as an offset in any of the five years following the year the assessment is paid. Offsets are limited to 20% of each assessment paid. An allowable offset, or portion thereof, not used in any calendar year cannot be carried over or back to any other year. The total offsets cannot exceed the tax liability or total assessment paid (Idaho Code Section 41-4314(1)).

The annual premium tax liability is based on calendar year premiums written minus dental premiums which are taxed at .04 per subscriber per month, effective July 1, 2007. Premium taxes are prepaid in quarterly installments based on the prior year's premiums and the current year's tax rates. The installments are as follows: 60% due June 15, 20% due September 15, and 15% due December 15. The reconciliation payment is made on March 1 of the next year (Idaho Code, Section 41-402(3)).

Rates and Forms

The Rates and Forms Section accepts property, casualty, health and life policies, contracts and related forms with the company certification ensuring they comply with Idaho code and law and are not ambiguous, misleading or deceptive. The section accepts advertising filings for life and health and reviews rate filings for various lines of insurance which include private passenger automobile, homeowners, credit and health. The objective is assuring that rates are not inadequate, excessive or unfairly discriminatory.

This section is primarily responsible for administering rate and form laws on a file and use basis. Idaho Code 41-1812 states that "No basic insurance policy or annuity contract form, or application form where written application is required and is to be made part of the policy or contract, or printed rider or endorsement form or form of renewal certificate, shall be delivered, or issued for delivery in this state, unless the form has been filed with the director." Although all major lines of insurance are monitored, the section is alert to filings involving private passenger automobile rate changes, bail bonds, certificates of assumption, company mergers, credit life and disability, consumer credit reporting, health products, long-term care, managed care organizations, Medicare supplements, title and workers' compensation. Unless the forms are submitted and filed with the Rates and Forms Section, they may not be issued to residents of Idaho. The department receives policy and rate filings from over 1,500 companies licensed to sell products in Idaho. The department received 7,291 separate filings in 2009 via SERFF (System for Electronic Rate and Form Filing).
