

Idaho Medicaid Dual Eligible Program Options and Worksheet

Who Are “Duals?”

Dual eligible individuals are 21 years of age or older, receive both Medicare (Parts A, B, and D), and Enhanced Medicaid coverage. There are approximately 27,000 Duals individuals in the state of Idaho.

Why does Idaho have programs just for Duals?

Medicaid received a legislative mandate to find a solution for the high cost of Duals' healthcare. The typical dual-eligible individual has more than four times the expenditures than Medicare-only beneficiaries. Idaho Dual eligible individuals make up 15% of Idaho's Medicaid population but require over one third (1/3) of the Medicaid budget. IDHW is joining the majority of states across the US to look for innovative solutions to coordinate benefits, manage costs and improve healthcare options for Dual Eligibles based on their individual needs and preferences.

What Is Coordinated Care?

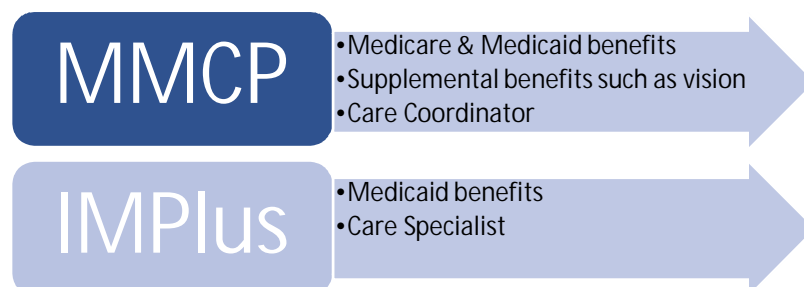

Coordinated Care is the coverage and integration of Medicare and/or Medicaid benefits through a single entity, which means:

- One set of comprehensive benefits. One accountable entity to coordinate delivery of services.
- One care management team to coordinate care.

What programs are available for Duals?

The Medicare Medicaid Coordinated Plan (MMCP) is a voluntary program that integrates Medicare and Medicaid benefits into a single healthcare plan. Duals may enroll or disenroll from this plan quarterly.

The Idaho Medicaid Plus plan is a mandatory program for Medicaid benefits only.

What are the health plans for MMCP and Idaho Medicaid Plus?

Blue Cross of Idaho and **Molina Healthcare of Idaho** administer these plans in the following counties:

What is the MMCP?

The Medicare Medicaid Coordinated Plan is a health plan that coordinates Medicare benefits as well as most of the Medicaid benefits plus some supplemental services.

Do both programs have Care Coordination?

A Care Coordinator serves as the participant’s central point of contact. Care Coordination ensures a participant receives the right care and information, while working directly with the participant and/or family, and healthcare provider. The MMCP program offers Care Coordinators. These are individuals that live within your communities. The Care Coordinators are available to come to your home and available by telephone. Idaho Medicaid Plus will offer Care Specialists. That means that members will have a single point of contact to serve as their advocate to help them navigate their Medicaid services. The Care Specialists will be available by telephone to the member.

Is enrollment into the programs mandatory?

Enrollment into the MMCP is always voluntary. Dual’s may enroll into the MMCP with either Molina Healthcare of Idaho or Blue Cross of Idaho at any time and the effective date will always be the first day of the next month.

Beginning November 1, 2018, Idaho Medicaid Plus became mandatory for Idaho Duals that live in Twin Falls County and have not enrolled in the Idaho Medicare Medicaid Coordinated Plan (MMCP). Other counties will become part of the plan in 2019 after successful implementation in Twin Falls County. There are some groups of people who are excluded from mandatory enrollment, including Tribal members, pregnant women, and individuals on the Adult Developmental Disabilities Waiver program.

Does this mean I am losing Idaho Medicaid?

Absolutely not! What this means is that as a Dual your Medicaid services will be managed by a health insurance company (**Blue Cross of Idaho** or **Molina Healthcare of Idaho**.) You will receive an insurance card from the health plan as well as all other enrollee materials. Some Medicaid services will remain “carved-out,” meaning they will still be covered the way they are today. Your medical transportation services will still be administered by MTM and your dental benefits will be administered by MCNA.

Do I get to choose which Health Plan I want to enroll with?

YES! Idaho Duals will have the opportunity to select either **Molina Healthcare of Idaho** or **Blue Cross of Idaho** for their Idaho Medicaid Plus plan. After the initial enrollment period there will be an Annual Open Enrollment in which Duals can change plans if they would like to.

If you select the MMCP you also can select which plan you would like to enroll with and you can also change plans once per quarter.

What if I don't want to enroll in Idaho Medicaid Plus?

All Duals will be required to enroll in Idaho Medicaid Plus, unless they are already enrolled in the Medicare Medicaid Coordinated Plan.

Can I enroll in the MMCP today, or do I have to wait to be enrolled in Idaho Medicaid Plus?

You can enroll in the MMCP today! Enrollment and disenrollment in the MMCP is allowed one time per quarter. Simply call the health plan of your choice, and they can take your application over the phone. It's that easy!

Can I enroll in Idaho Medicaid Plus today?

You will be notified by a letter for Idaho Department of Health and Welfare and will have an opportunity to select which health plan you would like to enroll with. After the initial election period you can change plans one time per year during Open Enrollment.

How do I decide which program and which plan to choose?

It is important that you ask the right questions to ensure you select the right program for your needs. We suggest that you ask the following questions of each of the participating Health Plans:

1. Are my providers in your network?

Remember! Your dental, medical transportation, and developmental disability services providers won't be in the Health Plans' networks because these services will continue to be paid for by Medicaid.

2. Are my medications on your formulary?
3. What are your supplemental benefits?

For your convenience, the next several pages can be used as a worksheet for you to help you decide which program and which participating Health Plan is right for you.
